

> Take an EcoSafe drive certificate on huge ice tracks at a former secret military air-base, in the middle of nowhere – now a unique event arena for 10 – 800 persons.

> Be among the first to know about the project of Sweden's newest icon, the Big Moose.

It will be built completely in massive wood for climate and environmental reasons, standing on a mountain. Into its belly there will be space for a restaurant, concert hall and conference facilities.

> Become an Ice driving champion on a frozen lake. For adrenaline addicts – Porsche on ice!

> Learn to drive your dogsled during a lunch-break of your meeting or conference.

> Make a snow-mobile expedition through the forest to our sauna-camp, where hundreds of torches will show the way to the hot tub and sauna. Continue with gourmet tee-pee dinner for up to 200p.

> Charter your own icebreaker, at only 45 minutes distance from Skellefteå.

We are waiting for you!
